Description

Acrylic Hasps – Secure Plastic Hardware for Fabricators

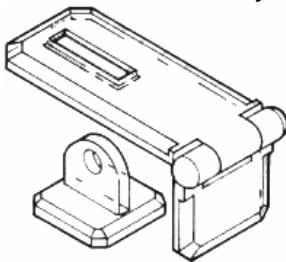

Material: Acrylic DR101 (Clear), ABS (Black)

Reversible Locking System: Bottom section of hasp is reversible for either corner or flat mounting. Predetermine assembly before inserting pin completely!

Decorative: Faceted edges enhance appearance of display or box.

Thick Wall: Heavy wall thickness for maximum tensile strength.

Size: 2-3/8" L x 1-1/16" W x .16" T (60 mm x 27 mm x 4 mm), Hole size 0.214"

Product Overview

Our acrylic hasps are crafted from high-quality clear acrylic and black ABS, designed to provide secure closure for display cases, enclosures, and custom plastic projects. Their sleek, transparent design ensures your displays remain professional and unobstructed. [Plastic Hasp](#).

Key Features of Our Acrylic Hasps

- Made from durable, UV-resistant acrylic DR101 and ABS
- Easy to install with standard hardware
- Compatible with a wide range of acrylic and plastic panels
- Available in Clear or Black, to fit your project needs

Common Applications

Acrylic hasps are ideal for use in retail displays, museum cases, storage boxes, and custom enclosures. They provide a secure, tamper-resistant closure while maintaining a clean, modern appearance.

Installation Tips

For best results, align the acrylic hasp with your enclosure's edge and secure using adhesive suitable for acrylic. Pair with our acrylic hinges for a complete, professional solution.

Note: See our Brass Padlocks to use with our Hasp.

ABC Plastics, Inc. is the Original Designer & Manufacturer of the Hasp
