Description
Shelf Tracker™

SPECIAL ON SALE - Buy \$15.00 or more and get for the special price of \$0.42

Material: Clear Acrylic

Solvent Bondable: Acrylic, ABS, Styrene, and Polycarbonate.

Labor Saving: Now the easiest, perfect way to align adjustable shelves in the least amount of time without any measuring devices or jig fixtures!

Perfect Assembly: Solvent bond (1) Shelf Tracker on all (4) corners of opposite sides of display. Position vertically at bottom of display for each location and add additional Shelf Trackers, if needed, directly on top of exiting Shelf Tracker for heights larger than 12".

Shelves: For shelves up to 1/4" in thickness.

Size: 12" L x 5/16" W x 3/8" T (305 mm x 87 mm x 9.5 mm)
